Please pass on this information to anyone in our class that we may have missed. We try to include those that we feel are genuinely part of our Class, but-It's getting more and more challenging to maintain our FB page as we are being bombarded by people requesting to join that are in no way associated with our Class and some of our classmates have been scammed out of money. Please help us be aware of anything you may encounter.

Also, please let us know of any classmates that we need to memorialize-

We're looking forward to a great weekend
